Journal of Aquatic Biology & Fisheries

(Journal of the Department of Aquatic Biology and Fisheries, University of Kerala, India)

A peer-reviewed and UGC CARE-listed journal.

2023 Volume 11 (1)

Bi-annual Journal

Citation: *J. Aquat. Biol. Fish.*

ISSN 2321-340X

The Journal publishes invited review articles and original peer-reviewed research papers dealing with all aspects of Aquatic Biology and Fisheries, and appreciates multidisciplinary research papers on emerging and frontier areas of research in Aquatic Biology and Fisheries. The contributions can be in the form of original research papers and short communications relevant to freshwater, brackishwater and marine environments.

Editor-in-Chief

Prof. A. Biju Kumar

Executive Editor

Prof. Jayachandran K.V.

Editors

Dr. S.M. Raffi

Dr. Pramod Kiran, R.B.

Dr. Kurian Mathew Abraham

Dr. Mithun Sukumaran

Assistant Editor

Dr. Suvarna Devi, S.

Dr. Ravinesh, R.

Dr. Aneesh, P.T.

Contents

Research Articles

- 1 Leaves of *Rhizophora mucronata* hold quorum quenching moieties functional on the shrimp pathogen *Vibrio harveyi* as the prospective drug of choice in aquaculture
Ahna Ameer, Saranya, M., Lakshmi Gopakumar, Murray, Francis, Aravind, Usha K., Nejumal, K.K., Muneer, A. and Bright Singh, I.S. 1
 - 2 Effects of abiotic changes on a pelagic Chaetognath *Zonosagitta bedoti* population of the Ganges Estuary, India
Bhattacharya, P. and Paul, S. 12
 - 3 Healthy seagrass habitats provide better support to the associated biodiversity in the Gulf of Mannar, India
Deepak S. Bilgi, Diraviya Raj, K., Mathews, G., Laju, R.L., Emmett, J.S. and Edward, J.K.P. 19
 - 4 Invasion of alien mussel *Mytella strigata* (Bivalvia: Mytilidae) in the Gulf of Mannar, India and possible threats to the native biodiversity
Ravinesh, R., Laju R.L., Edward, J.K.P. and Biju Kumar, A. 28
 - 5 Seasonal variation and bioavailability of vital elements recommend *Terapon jarbua* as a source of sustainable nutrition
Ancy Thomas and Manju K.G. 35
 - 6 Designing of effective substrate models from dried branches of plants for periphyton growth in aquatic ecosystem
Tabassum Fatima and Shivaji Chavan 42
 - 7 Growth, survival and feed utilization of Pearl spot, *Etroplus suratensis* larvae co-fed with atremia and micro diets of varying protein levels under controlled conditions
Sayooj, P., Vijayagopal, P., Anusree, V.N., Prasanth, K.G. and Vijayan, K.K. 46
 - 8 Assessment of pedunculate barnacle infestation on two non-commercial crab species of the genus *Charybdis* from the Alappuzha region of Arabian Sea, Kerala, South India
Arya, P. and Bindu, L. 51
 - 9 Assessment of renosomatic index, histopathology and pathophysiology of the kidney of exotic freshwater fish, *Ctenopharyngodon idella* exposed to endosulfan
Renu Bala 55
 - 10 Acute toxic effect of sodium fluoride (NaF) on glycogen, protein and lipid contents in juvenile and adult freshwater carp fish *Labeo rohita*
Ravi Sekhar P. and Savithri Y. 60
 - 11 Insecticidal properties of brown seaweed *Padina gymnospora* (Kützting) Sonder (Dictyotaceae) on larval instars of dengue vector *Aedes aegypti* L. and filarial vector *Culex quinquefasciatus* Say (Diptera: Culicidae)
Selvi, V., Arivoli, S. and Tennyson, S. 64
 - 12 Effects of pollutants on fish gills and molecular damages of Mozambique tilapia, *Oreochromis mossambicus* (Peters, 1852)
Puspall De and Madhumita J. 72
 - 13 Morphometric variation of selected barbs from Koraput district, Eastern Ghats, southern Odisha, India
Roy, P., Naik, A.K. and Palita, S.K. 78
 - 14 Broodstock management, induced breeding and the constraints in the larval rearing of an endemic Malabar butter catfish, *Ompok malabaricus* (Valenciennes, 1840)
Arjunan, V.M., Sajeevan M.K. and Anvar, A.P.H. 87
